Staff Meeting Notes

(Meeting held 1 October 1952, 2125 "M" Building)

<u>Subject</u>	<u>Discussion</u>	<u>Action</u>
----------------	-------------------	---------------

25X1A9a	<p><u>FDD</u></p> <p>██████████ reemphasized the importance of checking FDD as a source of intelligence information for use in the preparation of ORR's research papers. FDD has pointed out to the AD/RR at least one recent instance where FDD had not been checked before publication of a paper which reported absence of information on certain items, when in fact FDD could have supplied such information.</p>	Information.
---------	--	--------------

When ORR's new research program is set up the series of seminars between FDD and ORR personnel that have been discussed at earlier meetings will be set up. ██████████ of OAD/RR will arrange these seminars. 25X1A9a

In the meantime analysts should check with FDD on any papers currently in process to see if FDD can furnish additional information.

25X1A9a	<p><u>Project Deadlines</u></p> <p>██████████ expressed the concern of the AD/RR over the numerous instances where the 1 September deadlines for submitting papers to D/R were not met. In some instances, the reasons for such delay were discussed with the AD/RR and approval was given for a postponement of deadline; however, in many cases no explanation at all has been made.</p>	All branches and divisions to endeavor to maintain deadlines for submitting reports to D/R for editorial review and publication.
25X1A9a	<p>██████████ stressed the fact that there is a chain reaction when a deadline is missed and that, consequently, it is most important to maintain an even flow of reports in to D/R.</p>	

25X1A9a	<p><u>Sovmat</u></p> <p>██████████ brought up for discussion the recent memo from OO which complains that notification on availability of three Sovmat items recently procured resulted in no requirements for their exploitation. It was pointed out that D/T had exploited all three items concerned, having dealt through another channel.</p>	25X1A9a
